Employer insight – Hoare Lea

Hoare Lea are an award-winning engineering consultancy with a creative team of engineers, designers, and technical specialists. They provide innovative solutions to complex engineering and design challenges for buildings.

As a company, they pride themselves on being problem solvers who care how a space makes you feel when you step inside – bringing buildings to life! They take personal responsibility to achieve a shared vision, combining strong relationships with technical excellence. With a wealth of specialisms, they have the expertise to take on any scale or complexity of project.

Their company vision is built on three things: It's personal, problem-solving DNA, and being leaders in their field.

Working together on skills, training, education, careers and jobs in construction and the built environment
