Brush up on your English and maths

You may be fed up with being asked about whether you have your English and maths GCSEs, or a functional skill in numeracy and literacy, but the fact is, these skills matter and can really help you to get better jobs and earn more money overall. Here in Plymouth, there are several training providers who can help. Many build it into a full-time study programme or help you do it alongside an apprenticeship or traineeship, but you can also do your English and/or maths as a standalone course.

If it is maths, you need help with, you may have heard of the Multiply project. Across Plymouth through this funding, providers such as [The Focus Training Group](#), [Real Ideas](#), and [On Course South West](#) and others are delivering practical maths courses to make maths more fun.
